**Sugar and Sugar Derivatives: Changing Consumer Preferences** - Narendra Mohan
2020-12-24 Sugarcane enjoys a prominent position among agro-industrial crops and is commercially grown in 115 tropical and subtropical countries around the world. However, fluctuations in sugar prices have forced the sugarcane industry worldwide to broaden its revenue base by moving from single-commodity manufacturing to a range of value-added products. Utilizing the by-products in an innovative manner to create value-added products is the new course of action for sugar-producing countries. For many years sugarcane was regarded as a single-product crop, i.e., only useful for producing sugar. Its actual potential is now increasingly being recognised by the
industry and there is a growing trend toward the manufacturing of allied products from sugarcane. Therefore, the focus is now on the establishment of sugar-agro-industry complexes, processing not just sugar but a range of other products. This book provides a comprehensive overview of sugarcane not only as a source of sweetening agents but also for many other uses, including as a source of bio-energy. It also explores the trend of sugar consumption and suggests practices to curb the consumption of sugar products in order to tackle obesity and reduce public health costs. The book underscores the need to diversify sugarcane and highlights means of doing so, while also addressing various innovations and technologies being developed in connection with sugar, sugar derivatives, and sugar industry by-products for sustainable utilization in the sugar-agro industry. Accordingly, it offers a valuable resource for professionals and R&D units in the sugar industry, and for students of agronomy and related fields.

**Handbook of Research on Translating Myth and Reality in Women Imagery Across Disciplines**

Ciolăneanu, Roxana 2020-11-13

Women have been represented in art, literature, music, and more for decades, with the image of the woman changing through time and across cultures. However, rarely has a multidisciplinary approach been taken to examine this imagery and challenge and possibly reinterpret old women-related myths and other taken-for-granted aspects (e.g., grammatically inclusive gender). Moreover, this approach can better place the ideologies as myth creators and propagators, identify and deconstruct stereotypes and prejudices, and compare them across cultures with the view to spot universal vs. culturally specific approaches as far as women's studies and interpretations are concerned. It is important to gather these perspectives to translate and unveil new interpretations to old ideas about women and the feminine that are universally accepted as absolute, impossible to challenge, and invalidated truths. The Handbook of Research on
Translating Myth and Reality in Women Imagery Across Disciplines is a comprehensive reference book that provides an interdisciplinary and multidisciplinary perspective on the perception and reception of women across time and space. It tackles various perspectives: gender studies, linguistic studies, literature and cultural studies, discourse analysis, philosophy, anthropology, sociology, etc. Its main objective is to present new approaches and propose new answers to old questions related to gender inequalities, stereotypes, and prejudices about women and their place in the world. Covering significant themes that include the ethics of embodiment, myth of motherhood at the crossroad of ideologies, translation of women’s experiences and ideas across cultures, and discourses on women’s rehabilitation and dignification across centuries, this book is critical for linguists, professionals, researchers, academicians, and students working in the fields of women’s studies, gender studies, cultural studies, and literature, as well as other related categories such as political studies, education studies, philosophy, and the social sciences.

Contemporary Theory and Practice of Organizations, Part II - Timea Havar-Simonovich 2016-05-31

Organizations are the business world’s central actors, employing multiple people who pursue collective goals while linked to an external environment. This volume is the first of two books dedicated to defining current theories of organizations and their practices. The text is filled with contributions by alumni of the ESB Business School at Reutlingen University. Part I discusses contemporary organizational forms and properties, including team aspects. Part II provides a detailed overview of key themes in modern leadership and coaching, as well as organizational intervention.
Advances in Functional Finishing of Textiles - Mohammad Shahid 2020-06-10 This book provides a comprehensive overview of the field of functional finishing of textiles, describing the state-of-the-art research and well-established techniques applied in the textile industry, and covering all areas of textile dyeing and finishing. It is intended for academic researchers and professionals in related scientific and engineering fields, including textile engineering, chemistry, nanotechnology, material science, biotechnology and environmental science. The book also provides reference material for stakeholders looking for innovative technologies and insights into the environmental and sustainability issues in the development of functional textiles and related products.

Sea of Poppies - Amitav Ghosh 2009-09-29 At the heart of this vibrant saga is a vast ship, the Ibis. Its destiny is a tumultuous voyage across the Indian Ocean; its purpose, to fight China's vicious nineteenth-century Opium Wars. As for the crew, they are a motley array of sailors and stowaways, coolies and convicts. In a time of colonial upheaval, fate has thrown together a diverse cast of Indians and Westerners, from a bankrupt raja to a widowed tribeswoman, from a mulatto American freedman to a freespirited French orphan. As their old family ties are washed away, they, like their historical counterparts, come to view themselves as jahaj-bhais, or ship-brothers. An unlikely dynasty is born, which will span continents, races, and generations. The vast sweep of this historical adventure spans the lush poppy fields of the Ganges, the rolling high seas, the exotic backstreets of Canton. But it is the panorama of characters, whose diaspora encapsulates the vexed colonial history of the East itself, that makes Sea of Poppies so breathtakingly alive—a masterpiece from one of the world's finest novelists.

Water - Bapsi Sidhwa 2013-07-21 An eight-year-old Indian child named Fatima is kidnapped by the Pakistanis during the 1947 partition. She is not killed or tortured, but taken to a country-new to her, where she is forced to adapt to a life vastly different from the one she knew. This novel, set in the wake of partition, is a poignant tale of survival and resilience.
old is sent to live in a community of widows in India, and finds a new purpose there, in a novel by “a writer of enormous talent” (Newsday). Set in 1938, against the backdrop of Gandhi’s rise to power, Water follows the life of eight-year-old Chuyia, abandoned at a widow’s ashram after the death of her elderly husband. There, she must live in penitence until her death. Unwilling to accept her fate, she becomes a catalyst for change in the widows’ lives. When her friend Kalyani, a beautiful widow-prostitute, falls in love with a young, upper-class Gandhian idealist, the forbidden affair boldly defies Hindu tradition and threatens to undermine the ashram’s delicate balance of power. This riveting look at the lives of widows in colonial India is ultimately a haunting and lyrical story of love, faith, and redemption. “Sidhwa’s humor and compassion glow in Water.” —Houston Chronicle “A deeply moving story, elegantly told, with all the assurance of a master.” —M.G. Vassanji, author of The In-Between World of Vikram Lall

A Kitchen in the Corner of the House-AMBAI
2019-09-17 A Kitchen in the Corner of the House collects twenty-five gem-like stories on motherhood, sexuality, and the body from the innovative and perceptive Tamil writer Ambai. In A Kitchen in the Corner of the House, Ambai’s narrators are daring and courageous, stretching and reinventing their homes, marriages, and worlds. With each story, her expansive voice confronts the construction of gender in Tamil literature. Piecing together letters, journal entries, and notes, Ambai weaves themes of both self-liberation and confinement into her writing. Her transfixing stories often meditate on motherhood, sexuality, and the liberating, and at times inhibiting, contours of the body.

Oranges Are Not the Only Fruit-Jeanette Winterson
2007-12-01 The New York Times–bestselling author’s Whitbread Prize–winning debut—“Winterson has mastered both comedy and tragedy in this rich little novel” (The Washington Post Book World). When it first
appeared, Jeanette Winterson’s extraordinary debut novel received unanimous international praise, including the prestigious Whitbread Prize for best first fiction. Winterson went on to fulfill that promise, producing some of the most dazzling fiction and nonfiction of the past decade, including her celebrated memoir Why Be Happy When You Can Be Normal?. Now required reading in contemporary literature, Oranges Are Not the Only Fruit is a funny, poignant exploration of a young girl’s adolescence. Jeanette is a bright and rebellious orphan who is adopted into an evangelical household in the dour, industrial North of England and finds herself embroidering grim religious mottoes and shaking her little tambourine for Jesus. But as this budding missionary comes of age, and comes to terms with her unorthodox sexuality, the peculiar balance of her God-fearing household dissolves. Jeanette’s insistence on listening to truths of her own heart and mind—and on reporting them with wit and passion—makes for an unforgettable chronicle of an eccentric, moving passage into adulthood. “If Flannery O’Connor and Rita Mae Brown had collaborated on the coming-out story of a young British girl in the 1960s, maybe they would have approached the quirky and subtle hilarity of Jeanette Winterson’s autobiographical first novel. . . . Winterson’s voice, with its idiosyncratic wit and sensitivity, is one you’ve never heard before.” —Ms. Magazine

The Impact and Prospects of Green Chemistry for Textile Technology-Shahid ul-Islam 2018-11-02 The Impact and Prospects of Green Chemistry for Textile Technology provides a review and summary of the role of green chemistry in textiles, including the use of green agents and sustainable technologies in different textile applications. The book systematically covers the history and chemistry of eco-friendly colorants, chitin, chitosan, cyclodextrin, biomordants, antimicrobial, UV protective, flame retardant, insect repellant textiles, and advanced pre- and post- treatment technologies, such as the sonochemistry and plasma methods currently
employed in functional modifications. The book also pays attention to the remediation of textile effluents using novel, sustainable and inexpensive adsorbents. Written by high profile contributors with many years of experience in textile technology, the book gives engineers and materials scientists in the textile industry the information they need to effectively deploy these green technologies and processes. Introduces green chemistry and sustainable technologies, and explores their role in different textile applications Examines the use of renewable materials, such as biopolymers, dyes and pigments, biomordants, polyphenols and plant extracts in functional finishing applications Deals the functional modification of textiles using state-of-the-art biotechnology and nanotechnology

Scholarly Electronic Publishing Bibliography 2010-Charles Wesley Bailey 2011 The Scholarly Electronic Publishing Bibliography presents over 3,800 selected English-language articles, books, and other textual sources that are useful in understanding scholarly electronic publishing efforts on the Internet. It covers digital copyright, digital libraries, digital preservation, digital rights management, digital repositories, economic issues, electronic books and texts, electronic serials, license agreements, metadata, publisher issues, open access, and other related topics. Most sources have been published from 1990 through 2010. Many references have links to freely available copies of included works. Peter Jacso said in ONLINE (vol. 27, no. 3 2003, pp. 73-76): "SEP is compiled with utter professionalism. It reminds me of the work of the best artisans who know not only every item that leaves their workshops, but each component used to create them--providing the ideal quality control. . . . The selection of items is impeccable. I have yet to find journal articles irrelevant to the scope of the bibliography. SEP could be used as a benchmark in evaluating abstracting/indexing databases that proudly claim to have coverage of electronic publishing, but do not come close to SEP."
Open Access and the Public Domain in Digital Data and Information for Science-
National Research Council 2004-06-14 This symposium, which was held on March 10-11, 2003, at UNESCO headquarters in Paris, brought together policy experts and managers from the government and academic sectors in both developed and developing countries to (1) describe the role, value, and limits that the public domain and open access to digital data and information have in the context of international research; (2) identify and analyze the various legal, economic, and technological pressures on the public domain in digital data and information, and their potential effects on international research; and (3) review the existing and proposed approaches for preserving and promoting the public domain and open access to scientific and technical data and information on a global basis, with particular attention to the needs of developing countries.

Gun Island-Amitav Ghosh 2019-09-10 Named a Best Book of Fall by Vulture, Chicago Review of Books and Amazon From the award-winning author of the bestselling epic Ibis trilogy comes a globetrotting, folkloric adventure novel about family and heritage Bundook. Gun. A common word, but one that turns Deen Datta’s world upside down. A dealer of rare books, Deen is used to a quiet life spent indoors, but as his once-solid beliefs begin to shift, he is forced to set out on an extraordinary journey; one that takes him from India to Los Angeles and Venice via a tangled route through the memories and experiences of those he meets along the way. There is Piya, a fellow Bengali-American who sets his journey in motion; Tipu, an entrepreneurial young man who opens Deen’s eyes to the realities of growing up in today’s world; Rafi, with his desperate attempt to help someone in need; and Cinta, an old friend who provides the missing link in the story they are all a part of. It is a journey that will upend everything he thought he knew about himself, about the Bengali legends of his childhood, and about the
world around him. Amitav Ghosh’s Gun Island is a beautifully realized novel that effortlessly spans space and time. It is the story of a world on the brink, of increasing displacement and unstoppable transition. But it is also a story of hope, of a man whose faith in the world and the future is restored by two remarkable women.

**Literary Research and Postcolonial Literatures in English** - H. Faye Christenberry

Postcolonial literatures can be defined as the body of creative work written by authors whose lands were formerly colonized. This book is a research guide to postcolonial literatures in English, specifically from former British colonies in Africa, the Caribbean, and South Asia. While this volume focuses exclusively on Anglophone literatures, it does not address those from Australia, Canada, Ireland, and New Zealand as they have already been covered in previous volumes in the series.

Data-Centric Business and Applications-
Natalia Kryvinska 2019-07-16 This book explores various aspects of data engineering and information processing. In this second volume, the authors assess the challenges and opportunities involved in doing business with information. Their contributions on business information processing and management reflect diverse viewpoints – not only technological, but also business and social. As the global marketplace grows more and more complex due to the increasing availability of data, the information business is steadily gaining popularity and has a huge impact on modern society. Thus, there is a growing need for consensus on how business information can be created, accessed, used and managed.

The Committed-Viet Thanh Nguyen 2021-03-02 The long-awaited new novel from one of America’s most highly regarded contemporary writers, The Committed follows the unnamed Sympathizer as he arrives in Paris in the early 1980s with his blood brother Bon. The pair try to overcome their pasts and ensure their futures by engaging in capitalism in one of its purest forms: drug dealing. Traumatized by his reeducation at the hands of his former best friend, Man, and
struggling to assimilate into French culture, the Sympathizer finds Paris both seductive and disturbing. As he falls in with a group of left-wing intellectuals whom he meets at dinner parties given by his French Vietnamese “aunt,” he finds stimulation for his mind but also customers for his narcotic merchandise. But the new life he is making has perils he has not foreseen, whether the self-torture of addiction, the authoritarianism of a state locked in a colonial mindset, or the seeming paradox of how to reunite his two closest friends whose worldviews put them in absolute opposition. The Sympathizer will need all his wits, resourcefulness, and moral flexibility if he is to prevail. Both literary thriller and novel of ideas, The Committed is a blistering portrayal of commitment and betrayal that will cement Viet Thanh Nguyen’s position in the firmament of American letters.

The Doctor and the Saint - Arundhati Roy
2017-05-01 The little-known story of Gandhi’s reluctance to challenge the caste system, and the man who fought fiercely for India’s downtrodden. Democracy hasn’t eradicated caste, argues bestselling author and Booker Prize–winner Arundhati Roy—it has entrenched and modernized it. To understand caste today in India, Roy insists we must examine the influence of Gandhi in shaping what India ultimately became: independent of British rule, globally powerful, and marked to this day by the caste system. Roy states that for more than a half century, Gandhi’s pronouncements on the inherent qualities of black Africans, Dalit “untouchables,” and the laboring classes remained consistently insulting, and he also refused to allow lower castes to create their own political organizations and elect their own representatives. But there was someone else who had a larger vision of justice—a founding father of the republic and the chief architect of its constitution. In The Doctor and the Saint, Roy introduces us to this contemporary of Gandhi, B.R. Ambedkar, who challenged the thinking of the time and fought to promote not merely formal democracy, but liberation from the
oppression, shame, and poverty imposed on millions of Indians by an archaic caste system. This is a fascinating and surprising look at two men—one of whom has become a worldwide symbol and the other of whom remains unfamiliar to most outside his native country. Praise for Arundhati Roy “Arundhati Roy is incandescent in her brilliance and her fearlessness.” —Junot Díaz “The fierceness with which Arundhati Roy loves humanity moves my heart.” —Alice Walker

Black Skin, White Masks—Frantz Fanon
2017-05-09 Black Skin, White Masks is a classic, devastating account of the dehumanising effects of colonisation experienced by black subjects living in a white world. First published in English in 1967, this book provides an unsurpassed study of the psychology of racism using scientific analysis and poetic grace. Franz Fanon identifies a devastating pathology at the heart of Western culture, a denial of difference, that persists to this day. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, his writings speak to all who continue the struggle for political and cultural liberation. With an introduction by Paul Gilroy, author of There Ain't No Black in the Union Jack.

Girl, Woman, Other—Bernardine Evaristo
2019-11-05 NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE “A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum.”—Booker Prize Judges
Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. Girl, Woman, Other is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected
group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain’s colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London’s funding-deprived schools; Carole, one of Shirley’s former students, is a successful investment banker; Carole’s mother Bummi works as a cleaner and worries about her daughter’s lack of rootedness despite her obvious achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparklingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, Girl, Woman, Other is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.

International Journal on Multicultural Literature (IJML)-K.V. Dominic 2017-01-01

Cultural Studies in India-Rana Nayar 2017-07-05 This volume discusses the development of cultural studies in India. It shows how inter-disciplinarity and cultural pluralism form the basis of this emerging field. It deals with contemporary debates and interpretations of post-colonial theory, subaltern studies, Marxism and post-Marxism, nationalism and post-nationalism. Drawing upon literature, linguistics, history, political science, media and theatre studies, and cultural anthropology, it explores themes such as caste, indigenous peoples, vernacular languages and folklore and their role in the making of historical consciousness. A significant intervention in the
area, this book will be useful to scholars and students of cultural studies and theory, literature, history, cultural anthropology, sociology, and media and mass communication, as well as the general reader.

Waiting for the Barbarians-J. M. Coetzee
2017-01-03 A modern classic by Nobel Laureate J.M. Coetzee. His latest novel, The Schooldays of Jesus, is now available from Viking. Late Essays: 2006-2016 will be available January 2018. For decades the Magistrate has been a loyal servant of the Empire, running the affairs of a tiny frontier settlement and ignoring the impending war with the barbarians. When interrogation experts arrive, however, he witnesses the Empire's cruel and unjust treatment of prisoners of war. Jolted into sympathy for their victims, he commits a quixotic act of rebellion that brands him an enemy of the state. J. M. Coetzee's prize-winning novel is a startling allegory of the war between oppressor and oppressed. The Magistrate is not simply a man living through a crisis of conscience in an obscure place in remote times; his situation is that of all men living in unbearable complicity with regimes that ignore justice and decency. Mark Rylance (Wolf Hall, Bridge of Spies), Ciro Guerra and producer Michael Fitzgerald are teaming up to bring J.M. Coetzee's Waiting for the Barbarians to the big screen.

Place and Postcolonial Ecofeminism-Shazia Rahman 2019-08 While news reports about Pakistan tend to cover Taliban attacks and bombings, and academics focus on security issues, the environment often takes a backseat in media reportage and scholarship. In particular, Pakistani women's attachment to their environment and their environmental concerns are almost always ignored. Shazia Rahman traces the ways in which Pakistani women explore alternative, environmental modes of belonging, examines the vitality of place-based identities within Pakistani culture, and thereby contributes to evolving understandings of Pakistani women--
in relation to both their environment and to various discourses of nation and patriarchy. Through an astute analysis of such works as Sabiha Sumar's *Khamosh Pani* (2003), Mehreen Jabbar's *Ramchand Pakistani* (2008), Sorayya Khan's *Noor* (2006), Uzma Aslam Khan's *Trespassing* (2003), and Kamila Shamsie's *Burnt Shadows* (2009), Rahman illuminates how Pakistani women's creative works portray how people live with one another, deal with their environment, and intuit their relationship with the spiritual. She considers how literary and cinematic documentation of place-based identities simultaneously critiques and counters stereotypes of Pakistan as a country of religious nationalism and oppressive patriarchy. Rahman's analysis discloses fresh perspectives for thinking about the relationship between social and environmental justice.

**Midnight's Children** - Salman Rushdie
2010-12-31 Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India’s independence. Greeted by fireworks displays, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well-being are inextricably bound to those of his nation; his life is inseparable, at times indistinguishable, from the history of his country. Perhaps most remarkable are the telepathic powers linking him with India’s 1,000 other “midnight’s children,” all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people—a brilliant incarnation of the universal human comedy. Midnight’s Children stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time.

**The Inheritance of Loss** - Kiran Desai
2007-12-01 Winner of the National Book Critics Circle Award and the Man Booker Prize: An “extraordinary” novel “lit by a moral intelligence at once fierce and tender” (The New York Times Book Review). In a crumbling, isolated house at the foot of Mount Kanchenjunga in the Himalayas, an embittered old judge wants only to retire in peace. But his life is upended when his sixteen-year-old orphaned granddaughter, Sai, arrives on his doorstep. The judge’s chatty cook watches over the girl, but his thoughts are mostly with his son, Biju, hopscotching from one miserable New York restaurant job to another, trying to stay a step ahead of the INS. When a Nepalese insurgency threatens Sai’s new-sprung romance with her tutor, the household descends into chaos. The cook witnesses India’s hierarchy being overturned and discarded. The judge revisits his past and his role in Sai and Biju’s intertwining lives. In a grasping world of colliding interests and conflicting desires, every moment holds out the possibility for hope or betrayal. Published to extraordinary acclaim, The Inheritance of Loss heralds Kiran Desai as one of our most insightful novelists. She illuminates the pain of exile and the ambiguities of postcolonialism with a tapestry of colorful characters and “uncannily beautiful” prose (O: The Oprah Magazine). “A book about tradition and modernity, the past and the future—and about the surprising ways both amusing and sorrowful, in which they all connect.” —The Independent

**An Era of Darkness** - Shashi Tharoor 2016
In 1930, the American historian and philosopher Will Durant wrote that Britain's 'conscious and deliberate bleeding of India... [was the] greatest crime in all history'. He was not the only one to denounce the rapacity and cruelty of British rule, and his assessment was not exaggerated. Almost
thirty-five million Indians died because of acts of commission and omission by the British-in-famines, epidemics, communal riots and wholesale slaughter like the reprisal killings after the 1857 War of Independence and the Amritsar massacre of 1919. Besides the deaths of Indians, British rule impoverished India in a manner that beggars belief. When the East India Company took control of the country, in the chaos that ensued after the collapse of the Mughal empire, India's share of world GDP was 23 per cent. When the British left it was just above 3 per cent. The British empire in India began with the East India Company, incorporated in 1600, by royal charter of Her Majesty Queen Elizabeth I, to trade in silk, spices and other profitable Indian commodities. Within a century and a half, the Company had become a power to reckon with in India. In 1757, under the command of Robert Clive, Company forces defeated the ruling Nawab Siraj-ud-Daula of Bengal at Plassey, through a combination of superior artillery and even more superior chicanery. A few years later, the young and weakened Mughal emperor, Shah Alam II, was browbeaten into issuing an edict that replaced his own revenue officials with the Company's representatives. Over the next several decades, the East India Company, backed by the British government, extended its control over most of India, ruling with a combination of extortion, double-dealing, and outright corruption backed by violence and superior force. This state of affairs continued until 1857, when large numbers of the Company's Indian soldiers spearheaded the first major rebellion against colonial rule. After the rebels were defeated, the British Crown took over power and ruled the country ostensibly more benignly until 1947, when India won independence. In this explosive book, bestselling author Shashi Tharoor reveals with acuity, impeccable research, and trademark wit, just how disastrous British rule was for India. Besides examining the many ways in which the colonizers exploited India, ranging from the drain of national resources to Britain, the destruction of the Indian textile, steel-making and shipping industries, and the negative transformation of agriculture, he
demolishes the arguments of Western and Indian apologists for Empire on the supposed benefits of British rule, including democracy and political freedom, the rule of law, and the railways. The few unarguable benefits—the English language, tea, and cricket—were never actually intended for the benefit of the colonized but introduced to serve the interests of the colonizers. Brilliantly narrated and passionately argued, An Era of Darkness will serve to correct many misconceptions about one of the most contested periods of Indian history.

**Time and Literature** - Thomas M. Allen

2018-03-29 Time and Literature features twenty essays on topics from aesthetics and narratology to globalisation and queer temporalities, and showcases how time studies, often referred to as 'the temporal turn', cut across and illuminate research in every field of literature, as well as interdisciplinary approaches drawing upon history, philosophy, anthropology, and the natural sciences. Part one, Origins, addresses fundamental issues that can be traced back to the beginnings of literary criticism. Part two, Developments, shows how thinking about Time has been crucial to various interpretive revolutions that have impacted literary theory. Part three, Application, illustrates the centrality of temporal theorising to literary criticism in a variety of contemporary approaches, from ecocriticism and new materialisms to media and archive studies. The first anthology to provide a synthesis of recent scholarship on the temporality of literary language from across...
different national and historical periods, Time and Literature will appeal to academic researchers and interested laypersons alike.

**Ghachar Ghochar** - Vivēka Śānabhāga 2017 "A close-knit family is delivered from near-destitution to sudden wealth after the narrator's uncle founds a successful spice company. As the narrator—a sensitive young man who is never named—his sister, his parents, and his uncle move from a cramped, ant-infested shack to a larger house and begin to grow accustomed to their newfound wealth, the family dynamics begin to shift. Allegiances and desires realign; marriages are arranged and begin to falter; and conflict brews ominously in the background. Things begin to become 'ghachar ghochar'—a nonsense phrase that, to the narrator, comes to mean something entangled beyond repair"--

**Sacred Games** - Vikram Chandra 2011-03-03 An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.
Achievement - Barry J. Zimmerman 2013-05-13
This volume brings together internationally known researchers representing different theoretical perspectives on students' self-regulation of learning. Diverse theories on how students become self-regulated learners are compared in terms of their conceptual origins, scientific form, research productivity, and pedagogical effectiveness. This is the only comprehensive comparison of diverse classical theories of self-regulated learning in print. The first edition of this text, published in 1989, presented descriptions of such differing perspectives as operant, phenomenological, social learning, volitional, Vygotskian, and constructivist theories. In this new edition, the same prominent editors and authors reassess these classic models in light of a decade of very productive research. In addition, an information processing perspective is included, reflecting its growing prominence. Self-regulation models have proven especially appealing to teachers, coaches, and tutors looking for specific recommendations regarding how students activate, alter, and sustain their learning practices. Techniques for enhancing these processes have been studied with considerable success in tutoring sessions, computer learning programs, coaching sessions, and self-directed practice sessions. The results of these applications are discussed in this new edition. The introductory chapter presents a historical overview of research and a theoretical framework for comparing and contrasting the theories described in the following chapters, all of which follow a common organizational format. This parallel format enables the book to function like an authored textbook rather than a typical edited volume. The final chapter offers an historical assessment of changes in theory and trends for future research. This volume is especially relevant for students and professionals in educational psychology, school psychology, guidance and counseling, developmental psychology, child and family development, as well as for students in general teacher education.

R. K. Narayan (1906—2001) witnessed nearly a century of change in his native India and captured it in fiction of uncommon warmth and vibrancy. Swami and Friends introduces us to Narayan’s beloved fictional town of Malgudi, where ten-year-old Swaminathan’s excitement about his country’s initial stirrings for independence competes with his ardor for cricket and all other things British. Written during British rule, this novel brings colonial India into intimate focus through the narrative gifts of this master of literary realism.

The Great Derangement—Amitav Ghosh
2016-09-14 Is our imagination adequate to the realities of global warming? The novelist Amitav Ghosh argues that we need art and literature to help us imagine our future in the Anthropocene, but that they are falling short of the task. If culture cannot help us see the realities of our plight, then our era, which so congratulates itself on its self-awareness, may come to be known as the time of the Great Derangement. A case in point is fiction, which is so committed to normalcy and the everyday that it has no space for the improbability of climate change events the persistent droughts, hundred-year storms, and freakish tornadoes. Our politics, likewise, seems unable to mobilize forcefully in response to climate change. Ghosh argues that politics, like literature, has become a matter of individual moral reckoning, a journey of the solitary conscience rather than an arena of collective action. But to limit fiction and politics to individual moral adventure comes at a great cost. The climate crisis asks us to imagine other forms of human existence a task to which fiction, Ghosh argues, is the best suited of all cultural forms. A powerful nonfiction work by one of our most gifted, historically attuned novelists, "The Great Derangement "brings a fresh urgency to thinking on climate change."
