The Hawala Alternative

Hawala is an ancient system originating in South Asia; today it is used around the world to conduct legitimate remittances. Like any other remittance system, hawala can, and does, play a role in money laundering. In addition to serving as a
fitutorialfl on hawala transaction, this paper will also discuss the way in which hawala is used to

How Terrorists Move Funds Through the Global Financial System
Hawala is an alternative or parallel remittance system (literally translated as “transfer”) often associated with informal money exchange systems operating outside of formal financial sectors. It is used primarily to send money home to the Middle East or South Asia from abroad without physically transporting currency, thereby making it

Islamic finance products, services and contracts - Wikipedia
Hawala (also Hiwala, Hewala, or Hundi; literally transfer or sometimes trust) is a widely used, informal "value transfer system" for transferring funds from one geographical area to another, based not on movement of cash, or on telegraph or computer network wire transfers between banks, but on a huge network of money brokers (known as

Wise (company) - Wikipedia
Wise was founded by Taavet Hinrikus, Skype's first employee, and financial consultant Kristo Käärmann. Its system has been compared to the hawala money transfer system. In its first year of operation, transactions through Wise amounted to €10 million. In 2012, Wise was named as one of "East London's 20 hottest tech startups" by The Guardian, Start Up Of the Week by ...
