The Foundations Of Islamic Economics And Banking
The Foundations Of Islamic Economics
Islamic economics grew naturally from the Islamic revival and political Islam whose adherents considered Islam to be a complete system of life in all its aspects, rather than a spiritual formula and believed that it logically followed that Islam must have an economic system, unique from and superior to non-Islamic economic systems.

The principle foundations of an Islamic economy
The Quran is the primary source for Islamic teachings and tenets. While the community may adapt social and economic policies in order to meet a society's shifting socio-economic needs, the basic principles of the Islamic economic and social system, however, must be preserved. Freely elected leaders are expected to work with society to formulate policies supporting economic and social stability, economic prosperity, public education, healthcare, economic ...
