Stanford Journalism Program
Thank you for your interest in the Stanford Journalism Program. Right now, work at Stanford and the broader Silicon Valley is changing the way stories are discovered, told, and transmitted. Our program is designed to help you lead that transformation. Core courses and electives will allow you to produce work that is multimedia, data-intensive

Home Page | Princeton Summer Journalism Program
The application for the 2021 Princeton Summer Journalism Program is now closed! Park as a performer and a leader in her community. Outside of the dressing rooms, the tools and thousand dollar faces, however, are new. The establishments that are critical to the Drag Scene— whether it’s an amateur performer, or a seasoned one like Ms. Cox

Baby boomers’ changing retirement patterns, headed for NC
Oct 07, 2019 - Changing retirement patterns. With only a few offspring, baby boomers tend to have relatively few grandchildren, which makes it easier to relocate themselves, as the center of the extended family, to metropolitan areas that work for all generations, said Katy Flink, vice president of …

Tabloid journalism - Wikipedia
Tabloid journalism is a style of largely sensationalist journalism (usually dramatized and sometimes unreliable or even blatantly false), which takes its name from the format: a small-sized newspaper (half broadsheet). The size became associated with sensationalism, and tabloid journalism replaced the earlier label of yellow journalism and scandal sheets.

Caroline Stillian The Borgen Project. Last fall, I accepted a position with The Borgen Project as a political affairs intern. The Borgen Project is a nonprofit that advocates for the United States to get more involved with foreign policy and world hunger.

BPJ changing CMs to beat anti-incumbency is an
Sep 13, 2019 - Changing CMs to beat anti-incumbency may be smart politics but it amounts to short-changing voters. Changing five CMs in six months is an acknowledgement of governance deficit in states. India needs free, fair, non-biased and questioning journalism even more as it faces multiple crises. But the news media is in a crisis of its own.

21st-century censorship - Columbia Journalism Review
We tell beliefs safely inhabit the canon of contemporary thinking about journalism. The first is that the internet is the most powerful force disrupting the news media. The second is that the internet and the communication and information tools it spawned, like YouTube, Twitter, and Facebook, are shifting power from governments to civil society and to individual bloggers, netizens, or “citizen review

Surging wind industry faces its own green dilemma
Wind turbines have become a vital source of global green energy but their makers increasingly face an environmental conundrum of their own: how to recycle them. The European Union’s share of electricity from wind power has grown from less than 1 percent in 1990 to 28 percent in 2020, when the continent began to curtail
