Mercia was a great power in its day, although many aspects of it have been shrouded in mystery and myth. However, recent discoveries, such as the Staffordshire Hoard and the Lindisfarne Gospels, have shed new light on the kingdom and its people. Archaeology, landscapes, histories and coinage are used to shed light on the nature of the Mercian state and its place in early medieval English history. The Oxford Handbook of Anglo-Saxon Archaeology, ed. Anders Winroth. Oxford: Oxford University Press, 2016.

The Vikings maintain their grip on our imagination, but their image is too often distorted by myth. It is true that the Vikings engaged in commerce, discovery, and colonization, and revealed how Viking arts, literature, and religious thought evolved in ways unequaled in the rest of Europe. The Age of the Vikings: Pure Daring, by John R. Reynolds. New York: Basic Books, 2016.

The extraordinary history of Mercia and its rulers from the seventh century to 1066. Once the supreme Anglo-Saxon kingdom, it was pivotal in the story of English history before the coming of the Danes. 'The Oxford Handbook of Anglo-Saxon Archaeology' by Helen Hamer 2014-01-31 Written by a team of experts and presenting the results of the most up-to-date research. The Handbook of Anglo-Saxon Archaeology will both stimulate and support further investigation into a society poised at the interface between prehistory and history.

Aethelflaed was a powerful and capable queen who ruled Mercia from 918 until her death in 927. She transformed Mercia into a major power in England and was known for her military campaigns against the Vikings. "The Age of the Vikings: Pure Daring" by John R. Reynolds provides a detailed account of her life and achievements. Jared Diamond's "Guns, Germs, and Steel" offers a fascinating perspective on the relative success of different cultures and peoples, including those of the Vikings. The Age of the Vikings by John R. Reynolds, published by Basic Books in 2016, provides a compelling account of the Vikings and their impact on European history. The Vikings have been a popular subject in popular culture, with a wealth of information available on their history, culture, and achievements. The Age of the Vikings is a comprehensive exploration of the Viking world, offering insights into their beliefs, values, and society. Through a combination of primary sources and recent research, the book offers a fresh perspective on the Vikings and their place in history.

The Anglo-Saxons

- Marc Morris 2021-05-25 A sweeping and original history of the Anglo-Saxons by national bestselling author Marc Morris. Sixteen hundred years ago Britain left the Roman Empire and swiftly fell into ruin. Grand cities and luxurious villas were deserted and left to crumble, and civil society collapsed into chaos. Into this violent and unstable world came foreign invaders from across the sea, and established themselves as its new masters. The Anglo-Saxons traces the turbulent history of these people across the next six centuries. It explains how their earliest rulers fought relentlessly against each other for glory and supremacy, and then were almost destroyed by the onrush of the Vikings. It explores how they abandoned their old gods for Christianity, established hundreds of churches and created dazzlingly intricate works of art. It charts the revival of towns and trade, and the origins of a familiar landscape of shires, boroughs and manorships. It is a tale of famous figures like King Offa, Alfred the Great and Edward the Confessor, but also features a host of lesser known characters - ambitious queens, revolutionary saints, intolerant monks and grasping nobles. Through their remarkable careers we see how a new society, a new culture and a single unified nation came into being. Drawing on a vast range of original evidence - chronicles, letters, archaeology and artefacts - renowned historian Marc Morris illuminates a period of history that is only dimly understood, separates the truth from the legend, and tells the extraordinary story of how the foundations of England were laid.

- Joanna Arman 2017-05-15 The story of a medieval Boudicca, Alfred the Great's daughter, and her struggle to restore her people and reclaim their land

- The Staffordshire Hoard - Kevin Lealy 2014-08-04 On 5 July 2009 a metal-detectorist started to unearth gold objects in a Staffordshire field. Thus began the discovery of the largest hoard of Anglo-Saxon treasures ever found. Consisting of over 1600 items including fittings from the hilts of swords, fragments from helmets, Christian crosses and magnificent pieces of parcel work the Staffordshire Hoard has begun to rewrite history. This new and extended edition of the successful title by Kevin Lealy and Roger Bland delves deeper into the story behind the hoard, using the latest research to fill previous gaps in knowledge and turn some of the original ideas about the discovery on their head. Complete with new photography of the cleaned and conserved objects, showing off the stunning and intricate decoration, this book provides a fascinating account of the history and the discovery of this remarkable hoard.

- The Vatican psalter - Catholic Church. Liturgy and ritual 1965

- Mercia - Michelle P. Brown 2005-03-01 The kingdom best remembered for Offa and his famous dyke was not only a dominant power on the island of Britain in the eighth century, but also a significant player in early medieval European politics and culture. Although the volume focuses on the eighth and ninth centuries when Mercian power was at its height, it also looks back to the origins of the kingdom and forward to the period of Viking settlement and West Saxon reconquest. With state-of-the-art contributions from experts in palaeography, art history, archaeology, numismatics and landscape - as well as from historians - this book establishes a new baseline for Mercian scholarship, by covering the rise and fall of the kingdom, its major institutions, relations with other political entities as well as its visual and material culture.
