Connor's bed, but none to his heart until now. Frustratingly, Mosra is okay with just the heat, afraid to lose herself—and their friendship—to something more. But soon, Connor will see the full force and fury of what runs in his blood. And he will need his family and friends around him, when his past rolls in like the fog, threatening us all to do all he loves.—*

American Supernatural Tales—S. T. Joshi 2013-10-01 Part of a new six-volume series of the best in classic horror, selected by Academy Award-winning director of The Shape of Water Guillermo del Toro, American Supernatural Tales is the ultimate collection of weird and frightening American short fiction. As Stephen King will attest, the popularity of the occult in American literature has only grown since the days of Edgar Allan Poe. The book celebrates the richness of this tradition with chilling contributions from some of the nation's brightest literary lights, including Poe himself, H. P. Lovecraft, Shirley Jackson, Ray Bradbury, Nathaniel Hawthorne, and—of course—Stephen King. This volume also includes "The Yellow Sign," the most horrific story from The King in Yellow, the classic horror collection by Robert W. Chambers featured on HBO's hit TV series True Detective. By turns phantasmagoric, spectral, and demonic, this is a frighteningly good collection of stories. Filmaker and longtime horror literature fan Guillermo del Toro serves as the curator for the Penguin Horror Series, a new collection of classic tales and poems by masters of the genre. Included are here some of del Toro's favorites, from Mary Shelley's Frankenstein and Ray Russell's short story "Sardonicus," considered by Stephen King to be "perhaps the finest example of the modern Gothic ever written," to Shirley Jackson's The Haunting of Hill House and stories by Ray Bradbury, Joyce Carol Oates, Ted Klein, and Robert E. Howard. Featuring original cover art by Penguin Art Director Paul Buckley, these stunningly creepy deluxe hardcovers will be perfect additions to the shelves of horror, sci-fi, fantasy, and paranormal aficionados everywhere.

The Apozening Resurrection of Victor Frankenstein—Thomas Ligotti 2011

The Nightmorph—Joe R. Lansdale 2011-09-30

The Grimscribe's Puppets—John Langan 2013-07 Stories in honor of Thomas Ligotti.

The King in Yellow—Robert Chambers 2016-05-28 Novelle - Library of Experimentalism presents: "Robert W. Chambers' King in Yellow stories are among the few and most laudable eruditions by an American of the Decadent movement that flourished in England during the 1890s. One lament there were not more of such works." Thomas Ligotti - author of "Strictedness" THE KING IN YELLOW is a work of supernatural fiction that has influenced much and many, from Lovecraft to Nic Pinchbach's True Detective. First published in 1895, this is a collection of short stories: but of the ten stories included, only four actually revolve around THE KING IN YELLOW, that unwaylaid plot which is "the very supreme essence of art," and whose second act undoes the minds of its readers. The present collection features only these essential four stories, the original source for all subsequent tales about THE KING IN YELLOW: the core of this fascinating and uplifting myth that Robert W. Chambers has brought into being more than a hundred years ago. "This is the thing that troubles me, for I cannot forget Carcosa where black stars hang in the heavens: where the shadows of men's thoughts lengthen in the afternoon, when the twin suns sink into the lake of Hâle; and my mind will bear for ever the memory of the Paleil Mask."

Supernatural Short Stories—Bram Stoker 2017-11-30 Legends of vampires, werewolves, and unryl spirits have been a feature of European folk-tides for centuries. The authors whose work is collected together in this volume range from early Gothic writers to modern pulp enthusiasts. English writers like John William Polidori (1795-1821), the physician who wrote The Vampyre, and William H. G. Kingston (1814-1880), were pioneers of supernatural fiction, while others chose to master the ghost story. E. F. Benson was a part time archaeologist and M. R. James, a medieval historian at King's College, Cambridge. James would read his ghost stories aloud to his friends and students at Christmas-time. With good reason, he has been described as "the best ghost-story writer England has ever produced." Classic literary tales written by authors such as Ambrose Bierce and Guy de Maupassant found an outlet for their imagination in their terrifying tales, and later writers like Clifford Ball and M. P. Shol established supernatural fiction in the pulp magazines of the early 20th century. Together, these stories demonstrate a stunning mastery of atmosphere and show an unmatched ability to terrify readers to this day. This collection features several of the leading purveyors of supernatural horror. Authors include: Clifford Ball E. F. Benson Ambrose Bierce Francis Marion Crawford Charlotte Perkins Gilman M. R. James William H. G. Kingston Arthur Machen Guy de Maupassant John William Polidori M. P. Shol Bram Stoker

The Secret of Ventritiquium—Jon Padgett 2016-10-17 With themes reminiscent of Shirley Jackson, Thomas Ligotti, and Bruno Schulz, but with a strikingly unique voice, Jon Padgett's The Secret of Ventritiquium heralds the arrival of a significant new literary talent. Padgett's work explores the mystery of human suffering, the agony of personal essence, and the ghastly means by which someone might achieve salvation from hell. A bullied child who seeks vengeance within a hell's hollow bayou spring; a lurid dreamer haunted by an impossible house; a dummy that reveals its own anatomy in 20 simple steps; a stuttering librarian who holds the key to a mill; the presence that speaks through them all...

The Weird—Jeff VanderMeer 2012-01-24 From Lovecraft to Borges to Gaiman, a century of irrepressible literary experimentation has created a corpus of dark and strange stories that transcend all known genre boundaries. Together these stories form The Weird, and its practitioners include some of the greatest names in twentieth- and twenty-first-century literature. Esoteric and esoteric, The Weird plunges you into dark domains and brings you face to face with surreal monstrosities. You won't find any elves or wizards here—but you will find the biggest, boldest, and downright most peculiar stories from the last hundred years bound together in the biggest Weird collection ever assembled. The Weird features 110 stories by an all-star cast, from literary legends to international bestsellers to Booker Prize winners: including William Gibson, George R. R. Martin, Stephen King, Angela Carter, Kelly Link, Franz Kafka, China Mieville, Clive Barker, Haruki Murakami, M. R. James, Neil Gaiman, Mervyn Peake, and Michael Chabon. The Weird is the winner of the 2012 World Fantasy Award for Best Anthology. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Best New Horror 2—Ramsey Campbell 2013-10-10 The sensational showcase of the year's very best horror stories from the greatest contemporary masters of fear. The Tomb—F. Paul Wilson 2011-03-15 Nick to the chargin of his girlfriend, Gia, Repairjack Jack doesn't deal with electronic appliances—he fixes situations for people that usually involve putting himself in deadly danger. His latest project is recovering a stolen necklace, which carries with it an ancient curse that may unleash a horde of Boogal demons. Jack is used to danger, but this time Gia's daughter Vicky is threatened. Can Jack overcome the curse of the yellow necklaces and bring Vicky safely back home? At The Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Dark Lord—Peter Levenda 2013-01-01 One of the most famous—yet least understood—manifestations of Thelethic thought has been the works of Kenneth Grant, the British occultist and one-time intimate of Aleister Crowley, who discovered a hidden world within the prime source materials of the key to Horus Anu of Auro. Using complementary texts from such disparate authors as H.P. Lovecraft, Jack Parsons, Austin Osman Spares, and Charles Stanzfeld Jones (“Frazier Achat”), Grant formulated a system of magic that expanded upon that delineated in the rituals of the OTO: a system that included elements of Tantra, of Voudon, and in particular of that of the Schlangenkraft recension of the Necronomicon, all woven together in a dark tapestry of power and illumination. The Dark Lord follows the themes in the writings of Kenneth Grant, H.P. Lovecraft, and the Necronomicon, uncovering further meanings of the concepts of the famous writers of the Left Hand Path. It is for Thelemites, as well as lovers of the Lovecraft Mythos in all its forms, and for those who find the rituals of classical ceremonial magic inadequate for the New Aeon. Traveling through the worlds of religion, literature, and occult, Peter Levenda takes his readers on a deeply fascinating exploration on magic, evil, and The Dark Lord as he investigates one of the most neglected themes in the history of modern occultism: the nature of the Typhonian Current and its relationship to Aleister Crowley's Thelema and H.P. Lovecraft's Necronomicon.

The Pumpkin Book of Ghost Stories—Michael Newton 2010-02-25 The ghost is the most enduring figure in supernatural fiction. He is absolutely inextricable... He changes with the styles in fiction but he never goes out of fashion. He is the really permanent citizen of the earth, for mortals, at best, are but transients"—Dorothy Scarbrough Thin new selection of ghost stories, by Michael Newton, brings together the best of the genre. From Elizabeth Gaskell’s "The Old Nurse’s Story" through to Edith Wharton’s "Afterword", this collection covers all of the most terrifying tales of the genre. With a thoughtful introduction, and helpful notes, Newton places the stories contextually within the genre and elucidates the changing nature of the ghost story and how we interpret it.

Cinnabar—Edward Bryant 1976

The Conspiracy Against the Human Race—Thomas Ligotti 2010 The Conspiracy against the Human Race is renowned horror writer Thomas Ligotti's first work of fiction. Through impressively wide-ranging discussions of and reflections on literary and philosophical works of a pessimistic bent, he shows that the greatest horrors are inherent both to the human situation and to reality itself, and are not the products of our imagination.
