Tim Lane 2015-10-10 Complex, prickly and fiercely independent, Peter Roebuck became known as a first class cricketer in England, rose to fame internationally as a writer and broadcasteer and ultimately divided his time between Australia and South Africa. His long-standing feud with one of the biggest names in the sport was as infamous as it was precarious. He endeavored a widespread and loyal following. Wealsh abuzz for fearfully wandering into controversies - match-fixing, corruption, rotten governments - that left him exposed and vulnerable. At the end, he was accused of sexual assault and the nature of his death was horrific. In this uncompromising book, Lane chronicles Roebuck's life from the vantage points of multiple continents, and features authentifying testimonies from the lives of Steve Waugh, Rahul Dravid, Mike Atherton, Gordon Greenidge, Ian Chappell, Jonathan Agnew and members of the Roebuck family, the authors have pieced together the fragments of an often brilliant yet uneasy life - and revealed how all were unraveled. "In many ways, he was at his happiest talking about and writing about the game. It was the best of life he didn't quite master." The Times Lane is a broadcasteer and columnist with extensive experience in the electronic and print media. He worked alongside Peter Roebuck at the Australian Broadcasting Corporation for twelve years. Elliot Cardille is a writer and editor from Melbourne, Australia who has written extensively about sport, music and travel across the globe. This is his third sports book.

Daryl May 2014-05-13 FORMER DEPUTY SHERIFF DARYL MAY writes with meticulous detail how two gunshot blasts hit him. On a muggy Florida night, he nearly WAS the world when fighting for his life in a watery ditch. This remarkable true tale is gripping and heart-breaking as you ride along with him on that dark and lonely road. Fred Burton 2014-01-02 On a warm Saturday night in July 1973 in Bethesda Maryland, a gunman stepped out from behind a tree and fired five shots into his wife, Ann, an unmarried Peace Corps pilot and family man. Ann's unfamiliar neighborhood was filled with the sounds of the crime that rocked his sleepy suburban neighborhood. As it turned out, Alon wasn't just a pilot—he was a high-ranking military official and with intelligence ties. The assassin was an exceptionally crafty and cunning enemy. Tom DeLonge 2014-04-05 For those who know... that something is going on... The witnesses are legion, scattered across the world and driven by fear, people who looked up and saw something impossible hovering up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so most that glimpsed them wished it hadn't. Most, but not everyone. Among those who know what they've seen, and—and the tell of a bell that can't be unrung—are forever changed by it, are a poet, a journalist, an anonymous official, a former military pilot, a CIA analyst, a kid who thought they were seeing UFOs, a clairvoyant, a former astronaut and a mom who rounded in Baja all around the world. From the end of the world to the edge of space, from the bottom of the ocean to the front lines of battle, these are the stories of people who have witnessed the unexplained: the unknown, the anomalous, the extraordinary. Featuring actual events and other truths drawn from within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once fugitive and true, its historical significance revealed through this guide to an age of mystery and weirdness.

the characters, becoming a part of the action even after the ending. There are struggles between honor and greed, right and wrong, battlefields are soaked crimson over them. It makes you think and question ‘What if?’ due to the possibilities and theories contained within. It is purely fictional though based on a trilogy of poems I wrote. While hiking in Europe, Christian finds a unique rock formation resembling a rose hidden in shadow. While camping in the shadows, Christian hears the voice of a ghost telling a magnificent tale of times long past. The voice of Sir Rowan Baldin of the Knights Templar, born out of the aftermath of the Templar purge in France 600 years prior. Rowan’s lineage managed to escape the purge to what is now known as Switzerland. There they helped shape a country while protecting their Templar roots in absolute secrecy. Rowan uses dreams and leads Christian on a fast paced adventure throughout Europe. Christian stumbles onto a number of remarkable discoveries, and is knighted by the modern day Templars he uncovers on his quest. Christian finds who he was meant to be. The Templars, these once ‘warrior monks’ are brought out of the shadows, and their reputation redeemed as their real story is told. This book is not suitable for children due to graphic nature of violence and adult situations. This is my first novel.
