David H. Barlow. 4.7 out of 5 stars Judith S. Beck, Ph.D., is an eminent clinician and educator who previously served as director of Clinical Services at the Center for Cognitive Therapy and now serves as president of Beck Institute for Cognitive Behavior Therapy. She is also clinical
John Forbes Nash Jr. (June 13, 1928 – May 23, 2015) was an American mathematician who made fundamental contributions to differential geometry, game theory, and the study of partial differential equations. Nash's work has provided insight into the factors that govern chance and decision-making inside complex systems found in everyday life. His theories are widely used in economics.

COETZEE, Assoc Prof David BA, MBBCh, DTM&H, FFCH (SA), MS (Epi). David is a public health specialist with many years operational experience in primary care and infectious disease service delivery. He has led a number of clinical epidemiology research projects in the areas of tuberculosis, HIV/Aids, immunization and STI's.

The Rogue's March (also Poor Old Soldier, in some contexts Poor Old Tory or The Rogue's Tattoo) is a derisive piece of music, formerly used in the British, American and Canadian military for making an example of delinquent soldiers, typically when drumming them out of the regiment. It was also played during the punishment of sailors. Two different tunes are recorded; the better known has been
