One long-time local business in Columbus County may be in jeopardy if the plans to build a roundabout at a busy intersection come to fruition. The New Hanover County 4-H program is holding their

Along the way, he explains the distinction between mere machinery and AI; the nature of information theory and its relationship to entropy and to language systems, relationships among feedback loops,

In addition to a director who is a racial minority or one who self-identifies as lesbian, gay, bisexual, transgender or queer. Companies that don’t meet the standard would be required to justify

The true artist is always prone to self-reproach. He would try again. A minute’s attention from his squire had raised his
